

Save Water. Save Money. It's Good Business.

The City of Toronto has a number of programs to help **commercial**, **industrial** and **institutional** customers save water and save money.

CAPACITY BUY BACK PROGRAM

Average project could net you approximately

\$8,590

INDUSTRIAL WATER RATE (AKA BLOCK 2)

Manufacturing businesses consuming more than 6,000m³ of water a year may be eligible for a 30% reduction in the water rate.

Eligibility includes implementing a water conservation plan.

SEWER SURCHARGE REBATE

Industrial and commercial businesses that keep water out of the sewer system* may be eligible for a rebate based on the percentage of water not returned to the sewer system.

**e.g. water evaporated from cooling towers or used to make a product.*

Average program participant received

\$19,779

Toronto Water has a number of programs and services for businesses, including:

- Industrial Waste Control
- Pollution Prevention (P2) information and forms
