## LEASIDE CELEBRATES ITS 110!

On May 10th, the LBPA teamed up with the Leaside Residents Association and Leaside Heritage and Preservation Society to celebrate Leaside's one hundred and 10th anniversary. The event offered a great opportunity for networking and celebration of the significance of this planned neighbourhood where one can live, work, and play within a short walk or bike ride - making Leaside a unique and coveted community then, and today.

## LBPA RECEIVES CITY OF TORONTO GRANT FUNDING

### FUNDED! - TRANSIT EXPANSION CONSTRUCTION MITIGATION TRANSPORTATION STUDY

The City of Toronto has approved the LBPA application for the Transit Expansion Construction Mitigation Grant. This program funding will enable the association to study the impact of transit expansion construction impacts to identify transportation mitigation measures and opportunities for improvement on behalf of area businesses. The project will begin this summer and will complete spring, 2024 to deliver on a transportation study to:

- Clarify construction impacts for various transportation modes
- Identify mitigation measures by mode to improve safety and access
- Improve communication and engagement with all stakeholders

The Leaside Business Park is hemmed in by two major transit expansion projects - the Eglinton Crosstown and Ontario Line. Your association has been active from early planning discussions to ongoing communications with our members to help minimize the impact of these transit projects best we can. We are excited by the potential of this grant program to help us bring forward some innovative solutions to benefit our local business community.

Community engagement is critical to the success of this project. We will reach out to the Leaside Business Park businesses in the coming weeks. We invite your input - please email [admin@leasidebusinesspark.com](mailto:admin@leasidebusinesspark.com).

## CITY OF TORONTO GRANTS, INCENTIVES and REBATES AVAILABLE

## CITY OF TORONTO GRANTS

The City of Toronto continues to support businesses large and small with grants, incentives, and rebates. Tyson Ma is our Economic Development Officer and has been working closely with the LBPA to inform and support us in navigating these opportunities. Funding opportunities are listed on the City of Toronto website <https://www.toronto.ca/services-payments/grants-incentives-rebates/>. Your LBPA can also help advise on application submissions - email [admin@leasidebusinesspark.com](mailto:admin@leasidebusinesspark.com).
